PRODUCT INFO
PEX/PE PIPE CUTTER
PT1510

DESCRIPTION

The Plumtool PEX/PE Pipe Cutter (Ø 6-32mm) is designed for cutting PEX and Poly pipes with ease. Its lightweight design ensures easy handling during use. The cutter delivers clean cuts, eliminating the need for filing off any burrs. A key safety feature is that the blades stay securely shut within the body after each cut. To initiate a new cut, simply pull open both handles, providing a safe and efficient cutting experience. It's suitable for pipes ranging from 6mm to 32mm in diameter.

FEATURES

• Cuts through pipes from 6-32mm.

• Cuts through PEX and PE pipe.

• Lightweight for easy handling.

• Cuts without creating burrs, eliminating the need for filing.

• Safety feature: blades stay shut after each cut.

• To start a new cut, pull open both handles.
