LEATHER TOOL APRON

TWWG314

DESCRIPTION

The BuildPro Leather Tool Apron stands out with its robust construction, crafted from heavy-duty extra thick leather and reinforced with high-quality hardware and rivets. Designed to cater to both professional tradespeople and DIY enthusiasts, it offers convenient tool carriage for various projects. Safety and convenience are paramount, showcased through specially designed pockets that ensure easy access to tools. Manufactured in India using exceptionally durable leather, BuildPro aprons are known for superior quality and excellent value. The apron's split-leg design in heavy-duty suede, along with a 50mm leather waist belt featuring a steel double pin buckle, highlights its sturdy build. The apron also boasts four large pockets, a hammer holder, a steel tape/combo square clip, smaller pockets, and deeper side pockets ideal for securely holding a 300mm nail bar.
