

PRODUCT INFO

TEST BUCKET GAUGE

PT9872

DESCRIPTION

The Plumtest Test Bucket Replacement Gauge is designed specifically for the Plumtest PT9866 Test Bucket. It supports a maximum pressure of 6MPa / 860psi / 60bar. This replacement gauge ensures the test bucket remains in optimal condition, providing accurate pressure readings for consistent performance during testing procedures.

FEATURES

- Replacement Gauge only.
- Great for keeping bucket in optimal condition.

USE WITH

PT9866 Test Bucket

BARCODE: 9348099003931

MAX PRESSURE: 6MPa / 860psi / 60bar

DIAMETER: 60mm

DEPTH: 50mm

MALE THREAD: 1/4"

WEIGHT: 110g
