

PRODUCT INFO

BACKPRO® TOOL BELT

TWWGLBBUTB SERIES

DESCRIPTION

Introducing the latest in toolbelt technology, the BACKPRO is the first toolbelt certified to support your back while you work. Designed with an upward 'weightlifter' curve, it protects your lumbar region and ensures you stay comfortable during long hours. Built to last, this toolbelt features Italian and German heavy-duty rivets for extra strength. The premium felt and reinforced rubber underbelt provide comfort, while the full-grain leather upper belt offers durability. Fully adjustable, the BACKPRO is compatible with all Buildpro tool holders and pouches. Endorsed by Chiropractic Australia, it's the perfect choice for tradies across a range of industries.

Use with BUILDPRO tool holders, pouches & braces.

CODE	BARCODE	WAIST LENGTH	OVERALL LENGTH	BAND WIDTH	UPPER BELT WIDTH	WEIGHT
