

PRODUCT INFO

150MM JUNIOR HACK SAW

GM3000-10

DESCRIPTION

Introducing the G-MAN Junior Hack Saw Frame, a versatile hand-powered tool perfect for precision cutting of small metal pipes and plastic tubing. Designed to excel in confined areas, this saw frame features small-toothed blades that effortlessly slice through various materials. Its lightweight construction and ergonomically designed metal handle ensure a comfortable grip, enabling maximum control during cutting tasks. Crafted with precision in Sweden, this reliable tool embodies quality craftsmanship and durability.

FEATURES

- For cutting small metal pipes and plastic tubing.
- Rust resistant.
- Slim profile handle.
- Proudly manufactured in Sweden.
