

PRODUCT INFO

# DRY MANOMETER

## PT1678

### DESCRIPTION

The Plumtest Dry Manometer offers a fast and accurate way to test gas fitting lines. Designed for convenience, it fits directly onto the gas stand pipe, eliminating the need for leaky hoses and messy water. With no batteries required, it's always ready to use, saving time on site. The device can also be easily calibrated by the plumber, ensuring long-term reliability. With a 10kPa capacity, the Plumtest Dry Manometer is a practical, durable tool for everyday gas line testing.

### FEATURES
