

PRODUCT INFO
HAND CLAMPS

DESCRIPTION

Pony hand clamps feature an innovative box-joint design that prevents twisting and keeps the jaws square and straight. Our patented adjustment mechanism allows you to adjust clamping pressure to your desired needs without any additional tools. The soft, pivoting jaw pads are ideal for holding delicate work and are riveted to the jaws to ensure they never come off. Soft handles are ergonomically designed for comfortable use.

AJP32225

BARCODE: 044295322256

MAX OPENING: 50mm (2")

REACH: 80mm

LENGTH: 200mm

WIDTH: 105mm

DEPTH: 28mm

WEIGHT: 210g

AJP32400

BARCODE: 044295324007

MAX OPENING: 100mm (4")

REACH: 105mm

LENGTH: 245mm

WIDTH: 130mm

DEPTH: 30mm

WEIGHT: 265g
