

## PRODUCT INFO

# PRO-CLAW™ NAIL PULLERS

### DESCRIPTION

Estwing's Nail Pullers are crafted from fine tool steel that is drop-forged and tempered to ensure exceptional durability. Featuring a chrome finish and a comfortable blue cushion grip, these pullers combine strength with user comfort. One end features a 90° Japanese-style claw with sharp, precise tips and a rounded head for maximum leverage when removing embedded or headless nails. The opposite end has a slim claw, designed to access tight or hard-to-reach spaces with ease. Made in Taiwan / Japan.

### FEATURES

- Drop-forged, tempered fine tool steel for strength.
- Chrome finish with blue cushion grip for comfort.
- 90° angled Japanese claw removes embedded/headless nails.
- Precision thin claw design enables you to get into hard-to-reach places.
