

PRODUCT INFO

CLAW HAMMERS

DESCRIPTION

The Estwing Curved Claw Hammer is made from one solid piece of American steel, offering maximum strength and durability. It is fully polished, with the head and handle forged in one piece for long-lasting performance. The hammer provides unsurpassed balance and temper for better control. It also features a smooth face, ideal for clean, mark-free striking. Made in the U.S.A.

Shock Reduction Grip® reduces vibration impact by up to 70%. This nylon-vinyl grip is permanently bonded for comfort and durability.

Genuine Leather Grip features laminated leather washers, pressed and riveted for comfort and durability. Lacquered for a rich, iconic finish.
