SUPER WIDE OPENING ADJUSTABLE WRENCH MOD. SWO 92

DESCRIPTION

Introducing the Irega Super Wide Opening Adjustable Wrench – a high-performance universal tool designed for plumbing, heating, maintenance, and installers. Crafted from robust Chrome Vanadium Steel, it boasts exceptional resistance, minimal wear, and unmatched durability. The wrench features the innovative ErgoTop ergonomic grip, ensuring comfort during prolonged use, with a replaceable grip option and a full handle beneath for added convenience. Its non-protruding jaw shank at maximum opening enhances maneuverability, while the metric measuring scale on the jaws facilitates easy presetting and sizing of various components. Precision-ground jaw slides guarantee seamless action and accurate adjustments. For extreme conditions, the wrench offers double security with a Threaded Pin and visible Stake. With thinner and longer jaws, it delivers optimal functionality and torque. Available in 6", 8", and 10" sizes, each boasting impressive width and reduced weight compared to standard adjustable wrenches, making your tasks more efficient than ever. 100% made in Spain.
