# SELF-RETRACTING SAFETY KNIFE

## OLSK4

### DESCRIPTION

The OLFA Semi-Automatic Self-Retracting Safety Knife offers precision cutting with enhanced safety. Its spring-activated blade retracts when lifted from the surface, reducing accidental cuts. A stainless-steel spring maintains blade tension for consistent performance. The durable ABS body features a textured, non-slip grip, while a stainless-steel support channel reinforces the blade for heavy-duty use. Designed for both right- and left-handed users, it allows quick, tool-free blade changes. A built-in lanyard hole ensures easy tethering for added convenience. Preloaded with a SKB-2 Dual-Edge Safety Blade for use straight out of the package. Accepts OLFA Safety Blades: **SKB-2, SKB-2S, SKB-2S-R, RSKB-2, HOB-2**
