

PRODUCT INFO

DUAL-EDGE SAFETY BLADE

OLSKB2

DESCRIPTION

The OLFA Dual-Edge Safety Blade is crafted from premium high-carbon steel for exceptional sharpness and long-lasting edge retention. Its unique dual-edge design doubles the blade's lifespan—simply flip it within the knife to reveal a fresh, sharp edge. Engineered for safe and efficient cutting, this blade is ideal for precision tasks while maintaining user protection. Compatible with OLFA SK-4 and SK-9 Safety Knives, it ensures reliable performance in various cutting applications. Each pack comes in a plastic storage case for convenience, keeping blades secure and ready for use.
