

## PRODUCT INFO

# ROCK PICK SHEATH

### E-23

### DESCRIPTION

The Estwing Replacement Sheath for Pointed Tip Rock Picks is constructed from heavy-duty nylon, designed for durability in tough work conditions. It provides secure, long-lasting protection for your Estwing tools during transport and storage. The sheath features reinforced edges for enhanced strength and added protection, helping maintain your tool's condition in demanding environments. A convenient belt loop allows easy access by keeping the tool within arm's reach. Its blue colour complements the blue handle rock picks (E3-14P, E3-22P, E3-23LP, E3-13P & E3-13PM) but also fits the leather handle picks (E30, E30SE, E13P & E13PM). Made in Taiwan.

### FEATURES

- Made from durable heavy-duty nylon.
- Reinforced edges enhance durability.
- Designed to protect pointed tip rock picks during transport and storage.
- Convenient belt loop keeps tool easily accessible.
- Blue colour matches blue handle rock picks.
