PRY BAR SET

E-PB3PC

DESCRIPTION

The Estwing 3-Piece Pry Bar Set includes 140mm (5.5"), 190mm (7.5"), and 254mm (10") bars, offering versatility for a range of tasks. Each bar is forged from solid steel for maximum durability and long life. The slim profile helps minimise surface damage, while the high-leverage design delivers optimal torque for pulling nails and prying boards. An angled chisel end assists with lifting and prying. Ergonomic, rugged construction ensures strength and reduces weight. Ideal for removing window and door trim, molding, and baseboards. Made in Taiwan.

FEATURES

- Forged from solid steel for long-life.
- · High leverage design produces maximum torque.
- · Lightweight & durable with rugged, ergonomic construction.
- · Angled chisel end for prying and lifting.
- Ideal for removing window and door trim, molding, and baseboards, and pulling nails.
