

PRODUCT INFO

U-TUBE MANOMETER

PT1870

DESCRIPTION

The Plumtest Manometer is designed for durability, featuring a robust aluminium frame and a strong protective cover that safeguards its calibrations. It is capable of testing up to 3kPa and includes a rubber connecting hose. The manometer's magnet, riveted to the back of the case, allows easy attachment to appliances. Additionally, it comes equipped with a wall hanging ring for convenient storage. The manometer fluid (PT1311) is available separately, ensuring accurate readings and optimal performance.

USE WITH

PT1131 Manometer Fluid
