

PRODUCT INFO

AUTOCUT® PPR PIPE CUTTERS

DESCRIPTION

The Monument Autocut® PPR Plastic Pipe Cutter is designed for cutting green PPR plastic water pipes. It features a strong ABS plastic body and a compact design suitable for use in confined spaces. The cutter operates in one direction only, providing square, clean cut edges for the specified pipe size. It comes preloaded with a stainless steel blade and includes a blade protector for safe storage. Two spare blades are supplied, with additional replacements available separately. Made in Britain.

FEATURES

- Cuts PPR plastic pipe to specified size only.
- Durable ABS plastic body.
- Compact design for confined spaces.
- One-direction cutting action for square, clean edges.
- Blade protector included for safety in transport & storage.
- Preloaded with a stainless steel blade, with 2 spare blades supplied.
