

2-10-2025

To Whom It May Concern,

Our brass fittings that are required to meet the lead-free standards do so.

Independent testing and material certifications are maintained to ensure continued compliance with lead-free requirements.

We also hold watermark certification for these products. WMKA20067.

Should you require further information, please contact us directly.

We trust this confirmation meets your requirements.

Sincerely,

Mark Franklin
Managing Director
