

## PRODUCT INFO

# SUPER BUNGEE STRAPS

### DESCRIPTION

The GFB Super Bungee Straps are built for strength, reliability, and convenience. Designed with an extra-strong elastic core, these heavy-duty straps provide superior stretch and holding power for securing loads of all shapes and sizes. Each strap features plastic-moulded, steel-core hooks that offer exceptional durability while protecting surfaces from scratches or damage. Perfect for use on vehicles, trailers, roof racks, and around the home or workshop. Available in a range of lengths, with each size colour-coded for quick and easy identification. Whether you're strapping down gear for transport or organising equipment on site, the GFB Super Bungee Straps deliver dependable performance every time.

### FEATURES

- Extra-strong elastic for heavy-duty use.
- Plastic-moulded steel-core hooks - durable & non-scratch.
- Colour-coded by size for quick identification.
- Ideal for automotive, trade, and general use.
