

PRODUCT INFO

KNEELER BOARD

GB06966

DESCRIPTION

The Goldblatt Heavy Duty Kneeler Board provides comfortable support and protection for the knees during work. Its tray is made from durable, lightweight polypropylene, while the extra-large soft pad features 38mm thick high-density EVA foam for long-lasting comfort and durability. Ergonomic soft grip handles make it easy to carry and position. This versatile kneeler board is ideal for a wide range of tasks, including concrete, masonry, tiling, gardening, plumbing, carpentry, electrical work, mechanics, janitorial duties, and general DIY projects. Durable, lightweight, and practical for both professional and home use.
