

PRODUCT INFO

PUTTY & JOINT KNIVES

STAINLESS STEEL

DESCRIPTION

Goldblatt Putty & Joint Knives feature premium hollow-ground stainless steel blades, offering excellent flexibility and feel for perfect feathering, smoothing, and finishing of drywall seams. The high-quality stainless steel is rust-resistant, easy to clean, and polished to a mirror finish. Designed for comfort and control, the extra-large over-mould soft-grip handle reduces fatigue and provides improved leverage, with a convenient hanging hole for easy storage. A durable metal hammer end allows for setting popped nails and screws, making these knives ideal for professional and DIY drywall work.

FEATURES

- Premium hollow-ground stainless steel blade for flexibility.
- Rust resistant and easy to clean blade.
- Comfortable over-mold soft grip handle reduces fatigue.
- Convenient hanging hole for storage.
- Rugged hammer end for setting popped nails and screws.
- Ideal for applying compounds, smoothing, and taping drywall seams.
