

PRODUCT INFO

GEL COMFORT KNEE PADS

GB07041

DESCRIPTION

Goldblatt Gel Comfort Professional Knee Pads provide reliable cushioning and support for extended periods of kneeling. A soft gel core combined with durable EVA foam padding delivers long-lasting comfort. The non-marring poly tread caps allow smooth movement across surfaces without causing damage. Built with tough 600D ballistic poly material, these knee pads are designed for strength and durability on the job. Adjustable Velcro straps ensure a secure fit and make removal quick and convenient. One size fits all.

FEATURES

- Soft gel core with EVA foam for long-lasting comfort.
- Non-marring poly tread caps protect surfaces.
- Durable 600D ballistic poly construction.
- Adjustable Velcro straps for a secure, one-size fit.
- Quick and easy to put on and remove.
