

PRODUCT INFO

TAP RESEAT CUTTERS

DESCRIPTION

The Monument Flat Tap Reseat Cutters are replacement cutters designed for use with all Monument Tap Reseaters. Featuring a flat, serrated head, they grind down the tap seat efficiently. Each cutter is round and screws easily onto the tip of the reseater shaft, making them interchangeable for quick replacement. Durable and precise, these cutters ensure a smooth and accurate reseating every time. Made in Britain.

FEATURES

- Replacement cutters for all Monument Tap Reseaters.
- Flat, serrated head.

USE WITH

MM499 Pro Tap Reseater
