

## PRODUCT INFO

# STAINLESS STEEL SNAP-OFF BLADE PRECISION

9  
mm

### DESCRIPTION

The OLFA 9mm AB-S Stainless Steel Snap-Off Blade is designed for precision cutting, making it ideal for delicate tasks. Crafted from high-quality stainless steel, it resists rust and corrosion, ensuring durability in damp conditions. With a 13-segment design, simply snap to reveal a fresh edge. Its lower hardness provides safer cutting on glass and sensitive surfaces. These 9mm blades fit most standard 9mm knives, providing versatility for various cutting applications. Each pack comes in a plastic storage case for convenience.

### FEATURES

- Precision blade, ideal for detail-focused applications.
- Stainless-steel blade - resists rust and corrosion.
- Safer option for cutting on glass.
- Thirteen snap-off segments for extended use.
- Deep-notched grooves for easy snapping.
- Heat-treated for durability and strength.
- A quick snap reveals a fresh, sharp edge.
