

PRODUCT INFO

BLACK SNAP-OFF BLADE PRECISION

9
mm

DESCRIPTION

The OLFA 9mm ABB Ultra-Sharp Black Snap-Off Blades are designed for precision, and exceptionally sharp, making it ideal for detailed cutting tasks. Made from carbon tool steel and enhanced with a dual-honing process, they are 25% sharper than standard silver blades. Each blade features thirteen segments with deep-notched grooves, allowing for effortless snapping to reveal a fresh edge when needed. The heat-treated steel ensures durability, making them ideal for demanding tasks. These 9mm blades fit most standard 9mm knives, providing versatility for various cutting applications. Each pack comes in a plastic storage case for convenience.
