STAINLESS STEEL SCISSORS

OLSCS2

DESCRIPTION

The OLFA SCS-2 Serrated-Edge Stainless-Steel Scissors are the ideal tool for cutting tough industrial materials with accuracy. Crafted from corrosion-resistant stainless steel, these scissors offer durability and strength. The expertly honed blade ensures a clean cut along its full length, while the serrated edge grips materials to prevent slips or miscuts. Whether cutting fiberglass, aluminum, linoleum, or Kevlar®, the industrial-strength rivet ensures long-lasting performance. A semi-blunt nose adds safety, and the lightweight ABS plastic handles provide a comfortable, symmetrical grip for both left and right-handed users. These scissors are perfect for both industrial projects and everyday tasks in various settings.

FEATURES

- Crafted from corrosion-resistant stainless steel for durability.
