BRASS WIRE BRUSH SET**PGM4070****3** PC**DESCRIPTION**

The PG Mini 3pc Brass Wire Brush Set is ideal for precision cleaning, deburring and light polishing tasks. Designed for use on wood and soft metals such as gold, copper and brass, these brushes provide effective cleaning without scratching delicate surfaces. They are also suitable for cleaning electrical components and small detailed areas. The set includes three assorted brass wire brushes: an end brush (Ø 5mm), wheel brush (Ø 21mm) and cup brush (Ø 12mm). Each brush features a 2.35mm round shank, making them compatible with most rotary tools for controlled, accurate work.
