TELESCOPIC BASIN WRENCH

MGQ-1116

DESCRIPTION

The Stanway Trade Telescopic Basin Wrench is perfect for tackling nuts and fittings in tight, hard-to-reach spaces. Ideal for under-sink work, wash basins, ballcocks, and flush valves, it features a durable telescopic handle with four adjustable lengths: 225mm, 285mm, 345mm, and 405mm. The spring-loaded jaw self-adjusts to fit 10–32 mm nuts, while strong forged steel jaws provide long-lasting durability. A 180° pivoting head allows positioning at any angle, and the sliding T-bar handle delivers excellent leverage and grip, making plumbing tasks faster, easier, and more precise.

FEATURES

- Tightens and loosens nuts/fittings in hard-to-reach places.
- Perfect for under sink applications, wash basins, ballcocks, flush valves.
