

## PRODUCT INFO

# SOFT PIPE CUTTER

### HA-VF32

### DESCRIPTION

The StanWay Soft Pipe Cutter is designed for precision cutting of soft pipes, rubber hoses, and vinyl tubing, making it an essential tool for plumbing and DIY tasks. With a pipe capacity of 6–37 mm (1/4"–1 1/2"), it handles a wide range of applications with ease. Its heat-treated stainless steel blade ensures long-lasting sharpness, while the reversible design doubles its lifespan. Built to resist rust and wear, this cutter is durable and reliable. A safety hook on the handle end provides secure storage and added convenience, making the StanWay Soft Pipe Cutter both safe and efficient for everyday use.

### FEATURES

- Cuts soft pipe, rubber hose & vinyl tubing.
- Heat-treated stainless steel blade.
- Reversible blade doubles it's lifespan.
- Anti-rust, anti-wear.
- Safety hook on handle ends.
- Do NOT attempt to cut metal pipes.
