

PRODUCT INFO

WOODEN FLOAT

DESCRIPTION

The Stanway Wooden Floats are crafted from high-quality New Zealand pine, making it lightweight yet durable for everyday use. Ideal for concrete, plaster, and mortar, it excels in achieving slightly rougher finishes, perfect for steps, foot traffic areas, and surfaces treated with colour hardener. Each float features durable plastic handle, ensuring easy handling. Ideal for both professional tradespeople and DIY enthusiasts, this float provides reliable performance for smoothing, texturing, and finishing a variety of surfaces with precision and control.
