

## PRODUCT INFO

# CABLE SAW

## TW858

### DESCRIPTION

The Stanway Cable Saw is ideal for cutting PVC, CPVC, and ABS pipes. Its 635mm stainless steel cable is flexible, making it perfect for reaching pipes in tight or awkward spaces. The saw can cut pipes up to 200mm in diameter, while its lightweight, pocket-sized design ensures easy handling and portability. Comfort-grip plastic handles provide secure control, allowing smooth operation. To use, simply pull each handle alternately with firm, even pressure in short, consistent strokes to achieve a clean, efficient cut. Durable and practical for plumbing and installation tasks.
