

PRODUCT INFO

RETRACTABLE UTILITY KNIFE

ARHT01004

DESCRIPTION

The Arrow Retractable Blade Utility Knife is designed to deliver maximum strength and durability, forged from high-quality steel for tough, reliable performance. Its ergonomic handle is crafted with working hands in mind, providing both strength and comfort for long hours on the job. For added safety, this utility knife features a retractable blade mechanism, ensuring secure storage when not in use. Plus, with a tool-free push-button blade change, switching out dull blades is quick and easy, so you can keep working efficiently. Trust Arrow for tools that combine precision, safety, and convenience in every cut.

FEATURES

- Forged steel construction for maximum strength.
