SELF-HEALING ROTARY MAT

OLRMMG

DESCRIPTION

The OLFA Self-Healing Rotary Mat provides a durable and reliable cutting surface for crafting, sewing and everyday rotary cutting projects. Measuring 940mm x 630mm with a 36" x 24" grid layout, this double-sided mat features a self-healing surface that reseals after each cut to maintain a smooth, precise cutting area. One side features detailed grid markings for accurate measuring and cutting, while the solid green reverse side is ideal for general-purpose use. With a tough 1.6mm construction, this mat is designed to withstand the stresses of sharp rotary tools, this mat will help deliver reliable cuts again and again.

FEATURES

- Double-sided design - Imperial grid side for measuring and cutting; solid colour side for general-purpose use.
- Triple-layer heat-welded construction for long life.
- Self-healing finish reseals surface cuts.
- Maximizes life of blades for optimal cutting
- Keeps your work surface clean and protected.
- Designed for use with rotary cutters only. Not for use with fixed blade utility knives.
