

MRMHST64 MORSE Holesaw

Stock Code: MRMHST64

Description

Carbide Tipped Holesaw

Tungsten carbide tooth tips offer the highest wear resistance possible for fast holes and longer life cutting abrasive materials. Cutting depth of 1.15/16 inch (49.2 mm). Arbor required

Features and Benefits:

- Special tooth design for very fast hole saw cutting
- Ground and set teeth help to cut materials that bi-metal saws will not cut
- 3 teeth per inch creates a wider gullet for better chip clearance and faster cutting

Applications:

- Acoustic tile
- Countertops
- Drywall
- Fiberboard
- Fiberglass
- Plaster
- Plastic
- Nail-free wood

Size: 4 inch (102mm)

Cutting Depth: 49.2mm
